## Professional Summary

---

Quality focused professional with extensive experience in laboratory testing, process optimization, and cross functional collaboration. Skilled at maintaining rigorous quality standards, leveraging data analysis to improve product consistency, and streamlining workflows to enhance operational efficiency. Adept at utilizing modern tools, cloud platforms, and technical best practices to drive innovation and compliance in dynamic production environments. Holds a Life Insurance License (8 states) and offers additional strengths in equity/options trading, customer service, logistics, and problem solving adapting seamlessly across diverse industries and roles.

## Work Experience

---

### **Quality Assurance Lab Technician**

Coca Cola United-Harahan, LA  
November 2022 to Present

- Perform routine laboratory testing to ensure beverages meet stringent internal and regulatory quality standards.
- Collaborate with production teams, providing timely feedback to maintain a 99.8% product quality rate.
- Manage digital logs and documentation, improving traceability and audit readiness.
- Contribute to continuous improvement initiatives, enhancing testing efficiency and reducing defects.

### **Equity Trader**

Coffee Talk Investments-Remote  
April 2020 to Present

- Utilize paid advertising strategies to generate targeted leads, increasing opportunities for client conversions.
- Conduct quantitative research and in-depth market analysis to identify profitable equity, options, and futures trades.
- Employ technical indicators, forecasting models, and data driven insights to inform strategic decisions and manage risk.
- Adapt quickly to volatile market conditions, maintaining a proactive, solution-focused trading approach.

### **Cloud Engineer Fellow**

Google-Remote  
July 2021 to June 2022

- Designed and integrated cloud-native solutions using GCP services, improving infrastructure reliability and scalability.
- Used metrics and monitoring tools to evaluate application and system performance, identifying and mitigating vulnerabilities.
- Collaborated with project managers to meet deadlines, communicate progress, and achieve technical project goals.
- Gained proficiency in virtualization, Linux, scripting, and cloud best practices, reinforcing technical adaptability.

## **Quality Assurance Lab Technician**

Big Easy Bucha-New Orleans, LA

January 2021 to June 2021

- Conducted comprehensive product quality evaluations, including measurements and visual inspections, ensuring alignment with strict specifications.
- Documented findings, generated detailed reports, and recommended enhancements to improve product consistency.
- Assisted in resolving production issues, contributing to reduced defect rates and streamlined operations.

## **Petroleum Inspector/Lab Technician**

V-TIC Services Inc.-New Orleans, LA

March 2020 to December 2020

- Executed precise sampling and laboratory analysis of petroleum products, adhering to industry and environmental standards.
- Identified product quality discrepancies, coordinated corrective actions with operations teams, and maintained thorough documentation.
- Upheld safety protocols and compliance requirements while working in high-stakes environments.

## **Petroleum Inspector**

Intertek-Saint Rose-LA

February 2019 to April 2020

- Conducted detailed inspections and measurements of petroleum products in tanks, barges, rail cars, and vessels.
- Prepared and submitted regulatory reports, ensuring accurate representation of quality and compliance.
- Collaborated with stakeholders to resolve discrepancies promptly, fostering trust and maintaining operational integrity.

## **Tankerman**

Kirby Inland Marine-Channelview, TX

February 2018 to September 2018

- Managed the loading and off-loading of liquid cargo, ensuring adherence to safety regulations and schedules.
- Maintained barge heaters, generators, valves, and pumps to ensure efficient operations.
- Documented daily activities, performed maintenance tasks, and upheld strict safety and environmental standards.

## **Repair Technician**

Safelite Auto-glass-Metairie, LA

December 2017 to February 2018

- Provided in-person customer service, performing windshield replacements and crack repairs with precision.
- Operated computerized systems for invoicing, inventory management, and scheduling.
- Maintained a safe, organized work environment and adhered to strict quality standards.

## **Route Sales Associate**

Frito Lay-New-Orleans, ON

September 2016 to November 2017

- Delivered exceptional customer service by ensuring timely, accurate product deliveries to retail accounts.

- Identified opportunities for upselling and cross-selling, contributing to revenue growth and strengthened client relationships.
- Managed vehicle operations under DOT regulations and maintained consistent communication with store managers.

## **Infantryman**

U.S. Army-Vilseck

September 2012 to March 2016

- Led and mentored a team of soldiers, demonstrating leadership, discipline, and adaptability under challenging conditions.
- Maintained operational readiness through rigorous training, tactical exercises, and strict protocol adherence.
- Coordinated with inter-departmental units to ensure mission success, showcasing strong teamwork and communication skills.
